

Parenting Connections Workshop Schedule

The program is designed to help parents gain the necessary tools to help their children flourish and thrive. Parents will also receive support in the areas of child development, environmental safety and protection, discipline, and anger management. Enrolled participants must complete the entire session in order to receive the credit hours.

All Classes are currently being held virtually via Microsoft Teams.
Workshops are taught by Leticia Hardy, MS
Texas A&M AgriLife—Fort Bend County - CEA - Family & Community Health

Once payment has been made, you will be sent a link by email for the meeting the day before the workshop.

Please see the Eventbrite link below each class in order to register for it.
